The Board of Education encourages the development of a broad, diversified program of interscholastic athletic activities. Care shall be taken to ensure that the nature and conduct of each activity is appropriate to the age and maturation level of the students involved.

1. Definition of Interscholastic Athletics

Interscholastic Athletics are team-based organized sports activities sponsored by the district which occur outside the school day and do not receive academic credit toward promotion and/or graduation.

2. Purposes of Participating in Interscholastic Athletics

The purposes of participating in interscholastic athletics are three-fold:

- 1) To promote physical fitness
- 2) To teach athletic skills and maneuvers unique to each designated sport
- 3) To teach team-based skills, good sportsmanship, game rules, and the rules of competitive play

Student involvement in interscholastic athletic activities is considered to be a privilege, with accompanying responsibilities and expectations.

The Administration shall be responsible for the establishment of a code of conduct that regulates student participation in interscholastic athletic activities, conduct of visiting adults, and guidelines for advisors and coaches. Students must adhere to all rules and regulations established for participation in each activity. Students or coaches who violate school and/or activity rules or regulations shall be subject to disciplinary action.
